

- ✓ 24 hour assistance
- ✓ Traveller tracking
- ✓ Data Security

hrg security suite™

Core Services

Managing traveller safety and security is a key part of any travel programme. We use our global reach and travel management expertise to support our clients and their travellers during times of difficulty.

Core Services

With corporate travel services operations in 25 key markets throughout Europe, North America and Asia Pacific, and a partner network extending to nearly 120 countries, HRG is well placed to provide on the ground support during a crisis.

Our trusted supplier relationships extend across the industry, and help ensure wherever possible that your travellers take precedence.

HRG Traveller Assist is a valuable 24 hour support service, providing assistance, information and advice to travellers outside normal office hours.

Our online traveller tracking tool HRG Travel Watch enables travellers to be located quickly and efficiently.

BENEFITS OF HRG SECURITY SUITE™ - CORE SERVICES

- ✓ Worldwide network – with presence in over 120 countries
- ✓ Trusted supplier relationships – build over many years, ensuring wherever possible your travellers take precedence and are kept up to date with the latest information.
- ✓ Airport services – dedicated meet & greet services to provide secure airport transfers or greet travellers upon arrival.
- ✓ 24 hour assistance service – our HRG Traveller Assist service provides information, advice, reservation amendments and passport & visa services outside of normal office hours.
- ✓ Online traveller tracking – through our HRG Travel Watch tool, enabling fast and efficient location of travellers across the globe.
- ✓ Experienced account management team who are able to advise and guide on the best selection of products and services to meet your bespoke security needs.
- ✓ Flexibility - our services are tailored to meet client needs, whether you have one traveller or thousands.

Experience & expertise

HRG has experienced management and skilled operators, together with leading edge technology which we develop and own in-house.

We use our resources to remove the complexity associated with managing the security element of a travel management programme, leaving you free to focus on achieving your corporate objectives.
